

Request for New Point of Delivery

Overview of Process

Upon completion and Submission of the New Point of Delivery form:

- Millennium will provide an Interconnect Agreement including but not limited to outlining the responsibilities, scope of work and the estimated costs.
- Once the signed Interconnect Agreement is returned, Millennium will invoice the requestor for estimate.
- Millennium will not perform any further work until the Requestor submits the signed agreement and payment of the estimated costs.
- Upon receipt of the signed Interconnect Agreement and payment, Millennium will initiate a site visit between Millennium field representatives and the Requestor to begin the engineering and construction process.

Requestor's Consideration

- Any changes to the Interconnect Agreement could delay the process.
- Millennium's specifications and equipment recommendations are available upon request.
- Approved vendors will be provided the necessary drawings and specifications for all Millennium installations.
- Requestor will notify Millennium when land use rights have been obtained.
- Requestor will be responsible for additional costs incurred for changes requested (site, design, plans, etc...) from originally submitted request.
- Any request for transportation services on Millennium's system must be initiated separately from the interconnect process.

For questions concerning the interconnect process, please email ransom@millenniumpipeline.com or call 845.620.0156.

CERTIFICATION AS TO THE CORRECTNESS OF INFORMATION

Requestor further acknowledges that the information furnished as part of this process, including information in this form, may be used by Millennium representatives or agents of to obtain clearances required on the local, state and federal regulatory and environmental approvals. Requestor certifies that the information provided herein is true and correct.
